Notes

|	Who	Date
James, I created the Path to Graduation for my advisees, all of which are Software Systems track students. I do not have a version for any other track. In regards to your plan, you need to take CPSC 3175 - Object-Oriented Design before taking CPSC 4175 - Software Engineering. Also, you need to take CPSC 2125 - Internet Programming before taking CPSC 4125 - Server Side Web Development. You have a solid plan for the Fall, so I ve gone ahead and released your advising hold. With your major change, your assigned advisor with also change. Most other advisors do not require the Path to Graduation, but hopefully you can see the benefits of it. All the best, Dr. Carroll Fall 2022: 3131 Database Systems 2159 Fundamentals of Computer Networks 2160 Intro to Info Sec 2105 Computer Org Spring 2023 3125 Operating Systems 3165 Prof in Computing 4175 Software engineering 4125 Server Side Web dev	Carroll, Hyrum	03/16/2022
Plan: Fall 2022: Database 2159 Fund Comp Net Professionalism in Computing Information Security Spring 2022: Computer Networks Computer Organization Assembly Elective Considering taking Computer Organization Fall 2022, because it's the first of a sequence of 3 courses.	Carroll, Hyrum	03/14/2022
